TAYLOR'S ARREST IS EXPECTED SOON

Reliably Reported to be in Connersville and Sheriff There is Looking For Him

GRAND JURY TO INVESTIGATE

Many Persons With "Eyewitness" Stories Will Have Opportunity to Tell Them

Chester Taylor, who is wanted here after the escapade yesterday when he took Chief of Police Yakey's revolver and mace, was definitely located in Connersville today and his arrest this afternoon by Sheriff Hendrickson was confidently expected.

Reliable information was received here to the effect that he had been seen on the streets of Connersville and recognized by Sheriff Hendrickson, who found out that he was wanted in Rushville. Taylor was said to have been flashing a revolver on the streets of Connersville.

The great American public was still running true to form today in believing and circulating all sorts of rumors concerning the episode yesterday when Chief of Police Yakey attempted to arrest Taylor. The persistent stories that Taylor had knocked the police chief down were all traced down and in every instance were found to be groundless.

Mayor Irvin said that he was not asking Chief of Police Yakey to resign because no charges had been made against him and that no one had presented any evidence to show that Yakey had not conducted himself just as he had said he did. Many persons purporting to know told about friends who saw the whole thing but these "friends" all proved to be vague unrealities.

Persons who have been telling what they knew and did not know about the affair will probably have an opportunity to repeat some of the "eyewitness" stories as it is reliably reported that the grand jury will take up an investigation of the case tomorrow. It is understood that Chief of Police Yakey, other members of the force and persons who were in Greely's pool room when the trouble started are summoned to testify.

One man reported to Mayor Irvin today that "many people saw Taylor knock Yakey down." Pressed for something more definite, this person said the clerks in Morris hardware store witnessed the alleged assault on the police chief. This was investigated. Clerks in Morris store said that they knew nothing about the thing until they saw the police chief and Taylor pass the store.

Clerks in there, however, did say that Taylor came to the store and tried to buy some cartridges yesterday during the noon hour. They said Taylor exhibited the police chief's gun and mace, but did not say anything about how he got them.

Chief of Police Yakey has no mark on his body to show that he had been struck by Taylor. Both the attending physician and friends who have called at his home testify to this. Chief of Police Yakey says that Chase Taylor, who had been arrested before the warrant was served on Chester, was the one who had always given him trouble and that he did not expect any difficulty in arresting Chester. He declared that he followed Chester after the man got his weapons with the hopes that some of the police would come to his aid. He said Taylor did not make any threats against him.

The funeral services of Alex Posey who died at his home in Chicago, Cal., on Saturday night were conducted at the residence in California this afternoon at 2 o'clock, according to the message received here by his twin sister, Mrs. Albert Denning.

NO OFFERS ON BOND ISSUE

Will be Readvertised at Once by the County Auditor

There were no bids on the bond issue of \$38,000 advertised for sale by the county yesterday afternoon. The issue is for the purpose of building the John G. Beale road in Rushville township. The bonds will be readvertised for sale at once by the county auditor. County officials were fearful lest there be no offers because of the campaign which has and will be made to sell Liberty Loan bonds.

BOARD HOLDS FOUR MEN FOR THE ARMY

Three Are Found Physically Fit Here and One is Passed at Wichita Falls, Texas

WORD FROM SAM McCULLOUGH

Four more men have been held for service by the Rush county army selection board, making an unofficial total of 187 who are ready to be inducted into the national army.

Will Carter of this city, William E. Newsom of Carthage and Roy Evans of Lewisville were passed as physically fit by Dr. W. S. Coleman, physician member of the local board. David A. Bromm, who was working on the New Salem elevator registration day and registered there, has been passed and held for service by the local board at Wichita Falls, Texas, according to a report received by the local board here. Frederick Smith who registered here has been found physically unfit by Dr. Coleman.

Sam McCullough, colored, who registered at Carthage and who has been placed in class one for failure written the board from Montgomery, Alabama, saying that he is ready to go to the army whenever called. The board was never able to locate him.

GRAND JURY STARTS INVESTIGATION TODAY

Will Take up Inquiry of Cutting Fracas Sunday Night and Taylor Case Tomorrow

BIG CLAIMS ARE DISMISSED

The grand jury was in session again today, having adjourned last week after meeting to organize, until today. Several witnesses appeared before the investigating body this morning, but it is not known what alleged offenses were being considered.

Tomorrow the grand jury will investigate the cutting of John Moran by Will Carter, colored, and the affair of yesterday when Chester Taylor escaped from the chief of police it is reported.

Jury trials were set for hearing yesterday and today, but neither one of the cases could be tried. The two set down for yesterday were postponed and the three claims against the estate of the late John Ivins set for hearing today have all been dismissed. The claim of Anna C. Harold for \$448.69 was dismissed some time ago and two other claims—that of Bert Ivins for \$587.50 and Dessie Ivins for \$500 were both dismissed by agreement yesterday and the costs assessed against the estate.

—Mrs. Fletcher Ball of Metamora spent the day in this city.

—Walter Duke transacted business in Indianapolis today.

John W. McMichael yesterday sold his farm of 1451 acres south of the city to John H. Wright for \$25,000. The farm was formerly owned by Frank Capp.

RECENT FLOUR ORDER MODIFIED

County Millers and Jobbers May Fill Wheat and Wheat Products Orders For Trade

REGARDLESS OF LOCATION

Sale of Flour by Retailers is Still Restricted, However, as it Has Been in Past

Rush county millers and jobbers will be allowed to fill orders for wheat and wheat products provided the orders come from their regular trade. The order which partially revokes that of February 19 was received today by County Food Administrator Lovett, and stated that shipments to regular trade could be made regardless of location.

The order received about a week ago practically tied the hands of every jobber and miller in the county. Because of the acute wheat situation the sale of flour was restricted and the local administrator received orders forbidding the shipments of wheat from the county.

The latest order does not deal with the sale of flour by retailers and with this fact in view the same orders will be enforced as have been during the past week. People residing in the city will not be allowed to purchase more than five pounds a week and those living in rural districts will still be limited to twelve and one-half pounds.

Dr. Barnard's order as received by County Administrator Lovett follows:

"The order under date of February 19 regarding the distribution of flour has been modified to allow mills and jobbers to ship to their regular trade, regardless of location."

MERCURY DROPS 37 DEGREES IN NIGHT

Weather Man's Prediction of Lower Temperature Materializes—"Fair and Warmer"

WIND CAUSES SOME DAMAGE

The weather's man prediction of a 25 degree drop in temperature was verified last night when the mercury fell from 61 degrees above to 24 above in less than twelve hours time, a drop of 37 degrees. The drop came in on a strong wind that caused some damage in different parts of the county. Telephone lines were blown down, trees were blown over and other evidences of the gale were left. In some parts of the state, the wind grew to such proportions that it took on the form of a threatened tornado, similar to the one about a year ago.

Today's bright sun made the lower temperature more pleasant than yesterday's weather with no trace of the sun all day. By noon, the mercury had climbed to 35 degrees above zero. The last few nights have grown colder. The lowest mark last night was 24 degrees above; the lowest point on Sunday night was 34 above and on Saturday night was 39 above. Friday night, the mercury went as low as 23 above.

With the materialization of the weather man's prophecy today, tomorrow's prediction of "fair and warmer" may come true and bring back the warm days of several days ago which promised spring.

The Rebekahs will give a social on Thursday evening, February 28, in the Odd Fellows hall. All Rebekahs and their families are invited to attend. Members of the Rebekahs are asked to bring a few apples.

—Miss Theresa Sweetman spent the day in Indianapolis.

IS WOUNDED BY A CRAZED OPERATOR

Archie Hobbs of Birmingham, Ala., Formerly of Glenwood, Seriously Injured

HE IS ONE OF FOUR VICTIMS

Going to Aid of Man he Thought Injured by His Engine, He is Shot in Leg

Archie Hobbs, of Birmingham, Ala., a son of Mr. and Mrs. A. J. Hobbs of Glenwood and a former resident of that place, was shot and seriously wounded a few days ago by a crazed telegraph operator at a small station just outside of Birmingham.

Mr. Hobbs is an engineer on a railroad running out of Birmingham and as he was backing his engine onto a siding to take on water he spied the body of a lifeless man lying beside the track. Thinking that his engine had struck the man he hastened to his assistance but upon reaching the side of the dead man, received a shot in his leg, from an occupant of the watchman's tower.

Hobbs returned to his cabin and the crazed man, descending from the tower, attempted to board the train but was kept from doing so by the turning on the steam which apparently frightened him. Hobbs was taken to his home and has now fully recovered from the effects of the wound.

It later developed that the man who had attempted to take the life of Hobbs was a telegraph operator at one of the small sub stations near Birmingham and that before trying to kill the engineer had already taken the lives of three persons. Hobbs is 48 years of age.

EXPERIMENT MAKES THE SHORTAGE WORSE

Declares Senator Reed Concerning Management of the Coal Situation

SUGGEST NAMING PRICES

(By United Press.) Washington, Feb. 26.—Predicting a coal shortage of a disastrous character in the near future unless the fuel administration stops experimenting, Senator Reed today reported to the investigation committee.

"Amidst the chaos now existing in the coal business, one fact appears, namely, that uncertainty must give way to stability or we will be confronted by a coal shortage of the most disastrous character," he declared. Reed submitted the following recommendation to avert the situation:

1. Ending of government interference with the coal business.
2. Immediate announcement of prices which will prevail after April 1 so that dealers may make contracts.
3. Giving of information to consumers so they will know what coal will be available and at what prices.

Reed sharply criticized the handling of the situation by the fuel administration.

Mrs. Guy Abercrombie will entertain the members of the Pirate Bridge club at her home in North Perkins street on Thursday afternoon.

Mr. and Mrs. Will M. Frazee and son, William, leave Saturday for Globe, Ariz. where Mr. Frazee will accept a position as manager of a copper mine. He has been granted a leave of absence from the I. & C. traction company for which he has been claim agent, during his absence.

RUSH COUNTY FORTUNATE

To Have Tax Inspector's Services For Four Weeks

Rush county is one of the very few, if not the only county in the state, having the services of an income tax inspector for four weeks time. Dan Strickland, at the local office now, will leave the latter part of the week and complete four weeks time that government men have served local taxpayers. The great accommodation on the part of the government was largely because of the efforts of Postmaster Hunt to procure the extended time.

BRITISH AND U. S. EMBASSIES LEAVING

Despite German Imposed Peace, Russian Mobilization For Petrograd Defense Goes On

WORKMEN READY TO FIGHT

(By United Press.) London, Feb. 26.—The American and British embassies are departing from Petrograd, leaving a few in charge, according to dispatches from the Russian capital.

Petrograd, Feb. 26.—Despite acceptance of the German imposed peace, mobilization for the defense of Petrograd continues.

Small German detachments are reported moving toward Petrograd. Workmen's battalions are quickly organized and several are moving.

The Russian workmen are continuously leaving for the front. The garrison soldiers refuse to fight.

As the news of the German advances are received the factory whistles call the workmen to arms. Their spirit is warlike and they will die for the revolution. The committee today issued a proclamation declaring their revolutionary capital is in danger and urged every one to die for the revolution.

TWO BOYS VICTIMS FACTORY ACCIDENTS

Roy Richardson Cuts Three Tendons in Hand and Jasper Peak Breaks Arm

BOTH WORKED IN SAME ROOM

Two sixteen-year-old boys were the victims of accidents at the Innis-Pearce factory this morning. Roy Richardson cutting three tendons in his left hand and Jasper Peak breaking both bones in the right arm directly above the wrist. Shortly before nine o'clock, the Richardson boy caught his hand in the sanding belt which is used to sand boards. The hand was badly cut and the tendons leading to the fingers torn.

The accident happened to the Peak boy when his arm was caught between the belt and the fly wheel and the bones were broken. The boys were rushed to the doctor. Peak arriving before Richardson had had the tendons sewed in his hand. The bones in the broken arm were set. They worked in the same room at the factory.

ENEMY FRONT IS SHELLED BY YANKEES

(By United Press.)

American Army in France, Feb. 26.—A German workmen's party and enemy front lines were successfully shelled by the American artillery today. Cannonading continued all day. A day of sleet and rain transformed the trenches into knee deep mire.

NEW PEACE DRIVE BY GERMANY SEEN

Interpretation Placed on Count Von Hertling's More Conciliatory Reply to Wilson

AN EFFORT TO SPLIT ALLIES

German Chancellor Accepts Four Main Principles Outlined by The President

Germany Announces 3 Principal War Aims

(By United Press.)

Amsterdam, Feb. 26.—"Regarding recent Swiss intrigue I declare we never had thought of assailing Swiss neutrality," chancellor Hertling said yesterday, according to dispatches received today.

"We hold the greatest gratitude toward Switzerland also Holland, Scandinavia, Spain and other neutrals who have preserved their neutrality despite temptations.

"Our war aims have been:—

"Defense of the Fatherland.

"Maintenance of territorial integrity.

"Freedom of economic developments."

(By United Press.)

Washington, Feb. 26.—Germany is making a new peace drive now that she has bagged a goodly section of Russia.

That was the meaning experts placed today on the more conciliatory tone adopted by Count Von Hertling in his reply to Wilson's peace terms.

Some see an effort by Hertling to split the allies, relying upon them to have views differing with those of Wilson in his four main basis for peace.

The chancellor's acceptance of the four principals was regarded as indicating belief that a peace table discussion would not haggle over Russia long, if the French, Belgian, Italian and Balkan questions could be adjusted.

A court of arbitration is lacking, the chancellor said, adding that the tribunal of the world is prejudiced against Germany, which declined to be judged by it. He insisted that the entente war aims were still imperialistic, although admitting that the President's message is a "small step" toward peace.

Chancellor von Hertling voiced no great change in Germany's attitude toward the questions which entente statesmen have declared to be fundamental. He did not go into great detail concerning Germany's conduct toward President Wilson's proposals. The abject surrender of Russia was gloried in as leading to peace on the eastern front and a hint was thrown out to the Belgian government to enter into separate negotiations with Germany. The problem of Alsace-Lorraine he continued to treat as having no international aspect.

As reported by way of Amsterdam the chancellor spoke as follows:

"I can fundamentally agree with the four principles which in President Wilson's view must be applied in a mutual exchange of views, and thus declare with President Wilson that a general peace can be discussed on such a basis.

"Only one reserve need be made in this connection: These principles must not only be proposed by the President of the United States, but must also actually be recognized by all states and peoples.

"But this goal has not yet been reached. There is still no court of arbitration established by all the nations for the preservation of peace in the name of justice. When President Wilson incidentally says that the German chancellor is speaking to the tribunal of the entire world, I must decline this tribunal as prejudiced, joyfully as I

A Mistake Made By Many.

Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition, and keep them active and strong. Begin taking today. Good results follow the first dose. F. B. Johnson. Adv.

LABORING MEN TO VISIT U. S.

London, Feb. 26.—That an allied labor delegation will go to Washington was confirmed here. The delegation will include the Belgian socialist, Huysmans. J. H. Thomas probably will represent England.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

OUR GOVERNMENT FOOD CONTROL EXPERT SAYS "DO NOT WASTE YOUR FOOD."

Thousands Take Pepsinco Because the Druggist Tells Them It Is the Best for All Stomach Ailments.

Many persons are using a new system of food digestion, not only because our government's food expert says that we shall conserve the food, but, also, because the high price of food stuffs compels retrenchment. Pepsinco, this systematic method of digestion is inexpensive and can always be relied upon. It is small and powerful. One little tablet will digest an ordinary meal. Everything will be assimilated. The meal will give you strength. Your entire system will undergo a change for the better, once you start this treatment. Stop at the drug store today and get a small package of Pepsinco, the perfect digestant and make every grain of food do its duty. Fully guaranteed.

HOG RECEIPTS ARE 7,000; UP 15 CENTS

Good general buying sent opening hog prices 15 cents higher today. Receipts were 7000, five thousand less than yesterday. The tone remained steady. The corn market went from easier to steady. Cattle receipts dropped from 1700 to 700 today.

NEW PEACE DRIVE BY GERMANY SEEN

Continued from Page 1.
would greet it if an impartial court of arbitration existed, and gladly I would co-operate to realize such ideals.

"Unfortunately, however, there is no trace of similar statements on the part of the leading powers of the

entente. England's war aims are still thoroughly imperialistic and she wants to impose on the world a peace according to England's good pleasure.

"It has been repeatedly said that we do not contemplate retaining Belgium, but that we must be safeguarded from the danger of a country with which we desire after the war to live in peace and friendship becoming the object of jumping off ground of enemy machinations. If, therefore, a proposal came from the opposing side, for example, from the government in Havre, we should not adopt an antagonistic attitude, even

though the discussion at first might only be unbinding."

—Mrs. Fred Boxley spent the day in Indianapolis.

Ladies of the M. E. Church will serve dinner.

PUBLIC SALE

I, the undersigned, having sold my farm, will make a clean-up sale of all my personal property, at my present residence, 6 miles northwest of Rushville, 4 miles northeast of Arlington, 1 mile west of Henderson, 6 miles southeast of Carthage, on the place known as the Ephraim Meyers farm, on

FRIDAY, THE FIRST DAY OF MARCH, 1918
SALE TO COMMENCE AT 12:30 P. M. SHARP.

The following described property:

9 Head of Horses 9

Consisting of 1 bay mare, eleven years old, in foal, sound and a good worker; 1 bay mare, a good work mare, can't be hitched wrong; 1 brown horse, a good worker, anyone can drive and is an all-around farm horse; the remaining 6 horses, which will be sold, are all good horses, and are not described here because they are now in possession of my neighbors who will offer them at this sale.

5 Head of Cattle 5

Consisting of 1 Jersey, full blooded, giving good flow of milk; 1 good cow, giving good flow of milk; 2 calves and a yearling steer.

35 Head of Hogs 35

Consisting of 3 brood sows with pigs at side; 19 fall shoats; 11 good feeders, weighing about 140 pounds; 1 Poland male hog, good breeder.

5 TONS OF GOOD TIMOTHY HAY IN MOW. 400 BUSHELS OF CORN

Consisting of 1 Deering binder; 1 Dain mower; fertilizer corn planter; disc harrow; spring tooth harrow; 2 John Deere break plows; 1 cultivator; 1 disc wheat drill; double shovel; 1 single shovel; 1 eight-foot steel roller; 1 eight-foot steel drag, new; 1 set of Paige fence stretchers, new; 1 Capital road wagon, with flat bed, hog rack, gravel bed; 1 new carriage; 1 hog box; 3 sets of work harness; 1 set of buggy harness; butchering outfit, and other articles too numerous to mention.

TERMS OF SALE — On all sums of \$15.00 and under cash. On sums above that amount a credit without interest will be given until September 1, 1918, purchaser to execute note that meets with the approval of the clerk. 3% discount for cash. Nothing to be removed until terms are complied with.

State Representative

We are authorized to announce the name of William R. Jinnett for Representative of Rush County in the State legislature, subject to the decision of the primary election to be held May 7th, 1918.

A prominent Southern jurist, in addressing a class of young men in a prep school, outlining the reasons for America being at war with the central powers, among other things says: "We freed Cuba and the Philippine Islands from the tyranny of Spain, and they now rejoice in this freedom. We come now to the support of France, a former noble ally in our own struggle for freedom that her people may remain free and not be crushed to earth by a barbaric foe, scientifically skilled to be cruel."

Just such erroneous statements as the above are responsible for much of the dissatisfaction and disaffection in the country. Ignorant and unthinking people gather from such utterances that this country is fighting the battles of France. Nothing could be farther from the fact.

Had not the German policy run

D. D. D.

The Liquid Wash
Pitman & Wilson, Druggists.

counter to every interest of the American people; had not that country leveled an offensive directly at us, we would still be found adhering to the policy to which we desperately tried to cling even in the face of repeated insults and aggressions.

Had Germany in the spring of 1917 in good faith carried out her promises in regard to submarine warfare, President Wilson would not have severed relations with her. Other causes might, and probably would have worked a rupture; but the direct cause of our entering the fight was Germany's failure to keep her pledged word in a matter that meant almost the life or death of this country.

The United States has no quarrel with Germany on France's account. The wrongs of that country may, and no doubt will, add to the zeal with which our people will prosecute the war, but they were no part of the causes that led to our taking action. We are today as loyal to the Monroe Doctrine as at any time in our history. The national affairs of the Old World countries are no concerns of ours, and never should be. We are glad that since we are in the struggle on the entente side, we can in some measure repay the debt we owe to that plucky republic; but without grievances of our own, we could not in honor have entered the conflict.

There is no necessity of our inventing reasons for our action. The causes were plain and could not be mistaken. The American people were expected to bow to the arrogant demands of Prussia and her war lord, and surrender rights guaranteed to us by the laws of all nations—even those of the arrogant teuton empire. To have yielded would have been to forfeit our self-respect and the respect of the nations of the earth.

Let us be honest with our people. We are in the war because we had cause to enter—just cause—causes piled mountain high. We are fighting our own battles. We shall, however, fight side by side with the entente armies in all good fellowship, glad that we are fighting in the same noble cause—the preservation of freedom in the earth.

Nowadays when you see a fellow coming to town with a basket of eggs you wonder if he is preparing to lift the mortgage on the old home.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only.—PITMAN & WILSON and leading druggists everywhere, Rushville, Ind. (Adv.)

REV. L. E. BROWN WILL START NEXT SUNDAY

Former Minister of Connersville
Church Begins Pastorate in
This City

IS A POWERFUL PREACHER

The Rev. L. E. Brown, formerly of the Central Avenue Christian church of Connersville, will begin his pastorate of the Main Street Christian church of this city on next Sunday. The Rev. and Mrs. Brown and their daughter will move to this city this week and live in the Christian church parsonage in North Main street. He received the call from the local church some time ago but asked for the time until March first to give his congregation notice of his leaving.

The Rev. Mr. Brown is a powerful preacher and has made a mark by his accomplishments in church work. He succeeds the Rev. C. M. Yocum, field secretary of the home missionary societies of the church.

The Rev. Mr. Brown preached a farewell sermon at Connersville Sunday morning and in the evening a farewell union service was held for him at the Christian church. At the close of the morning service he was presented with a beautiful leather traveling case, mounted in gold, as a gift from the church.

Mrs. Louis Hiner is ill at her home in North Willow street with tonsillitis.

Rheumatics Are Satisfied

Satisfied That "Neutrone Prescription 99" Does All That is Claimed For It

They have used "Neutrone Prescription 99" for all forms of Rheumatism and Neuralgia, they frankly tell how it has proven its quick and lasting benefit.

The words of praise from Newburgh's relieved Rheumatic sufferers will prove to many a crippled sufferer a welcome message pointing the way to quick and permanent relief.

What is more convincing than home testimony?

"Neutrone Prescription 99" from its remarkable success has sprung into almost instant popularity; "it produces results."

Get a 50c or \$1 bottle today, you will be surprised at the improvement even in a short time. Mail orders filled on \$1 size.

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50

TO PRESENT SERVICE FLAG

United Presbyterian Church to be
Sixth to Honor Soldiers

A service flag bearing 10 stars will be presented to the United Presbyterian church at some evening service of the church in the near future. The date has not been definitely set, but it will probably be on the evening of March 10. To complete plans for the meeting, the program committee will meet tomorrow evening at the home of B. L. Trabue. An Honor Roll on which the names of the ten boys are written has already been presented to the church. The United Presbyterian church will be the sixth thus to honor their soldiers flags having been hung at the First Presbyterian, Catholic, Methodist, Christian and First Baptist churches.

Amusements

"The Thirteenth Chair" Bayard Veller's melodrama of mystery, returns to the Marat for a half week's engagement Thursday night. The play was seen first this season in the same playhouse New Year's week. It will be readily recalled that it has to do with a murder which occurs in the drawing room of a fashionable society home during the progress of a spiritualistic seance. The lights are completely out and the murderer seizes the opportunity to commit the crime, dispose of his weapon and prevent his identity from being revealed. It is a thrilling moment and is succeeded by a number of other thrilling moments, all hinging on the discovery of the murderer. Suspicion rests first upon one member of the circle and then upon another, until all doubts are finally laid to rest when confession from the guilty person puts on end to further speculation.

The players to be seen in the various roles are those who presented the play during its previous engagement. Among them are Blanche Hall, Marie Goff, Sidney Blackner, Midge Corcoran, Herbert Fortier, Perry Hopper, Jane Gilroy, Elaine Anderson, Joseph Garry and others. The engagement includes the usual Saturday matinee.

"The Hostage" is the feature at the Princess theatre this evening with Wallace Reed taking the leading role. The picture is said to be a thrill from start to finish. Fannie Ward takes the leading role in "On the Level," an extraordinary drama of human interest, which will be presented on Wednesday afternoon and evening. Rushville theatre goes will be fortunate on Thursday in having the opportunity to see Annette Kellerman in "The Daughter of the Gods," a million dollar production.

Ann Murdock will appear in "The Outcast" at the Gem theatre tonight and tomorrow another chapter in the great mystery serial, "The Hidden Hand," in which Doris Kenyon is starred, will be the attraction, along with a Lonesome Lake comedy and Pathe News. Thursday Valeska Suratt will appear in "A Rich Man's Paything."

Mrs. W. T. Jackson is slightly ill at her home in this city.

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any manure spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

Wednesday

Juanita Club, with Mrs. Minnie Moore in West Tenth street in the afternoon.

Thursday Afternoon Bridge Club, with Mrs. Wilbur Stiers at 732 North Perkins street in the afternoon.

club gathering, according to plans which were made at yesterday's meeting which was held at the home of Mrs. C. M. George in North Main street.

Towels were hemmed at the latest meeting and the plan of holding every other meeting at the Red Cross headquarters was abandoned. All of the meetings in the future will be held at the homes of the members but instead of doing Red Cross sewing at only one meeting in each month, the entire time of the club will be given up to this war relief work in the future. At the close of the meeting yesterday, the hostess, who was assisted by Mrs. Raymond Hargrove, served a dainty luncheon.

The next meeting which will be held in two weeks will be at the home of Mrs. J. T. Paxton 333 West Seventh street, assisted by Mrs. John T. Aikin.

The home of Miss Helen Thomas in North Perkins street was the scene of a pretty dinner party Saturday evening when she entertained several young folks who were attending the tournament. The dining room was decorated attractively in the high school colors, red and black. The guests included Misses Reba Beale, Elizabeth Pierson, Leatha Higgins, Mary Louise Wyatt, Josephine Scholl, Jean Sparks, Phyllis Casady, Marguerite Kelly, Janet

Dean and Marjorie Clark; Frank Muire, Lowell Innis, of Milroy, Ivan Alexander, John Tompkins, Lotus Gartin, Harrold Miller Earl Martin of Milroy, Franklin Norris, Havens Frazee and James Caldwell.

Plans for raising money for the Tri Kappa ambulance, were discussed at the meeting of the sorority which was held last night at the home of Miss Marjorie Smith in West Third street. The exact allotment for the local chapter has not been decided on however, because the committee in charge of making the purchase, has not definitely decided on the kind of an ambulance they wish to buy. Blocks for the second quilt to be made for the Red Crosses were cut. The girls have been especially successful in selling the blocks in which the names are to be outlined and have already taken order for the sale of numerous blocks in the second quilt.

The members of the Monday afternoon Five Hundred club were pleasantly entertained yesterday afternoon by Mrs. J. C. Sexton at her home in North Main street. Only the club members were the guests and at the close of the afternoon's entertainment, the hostess served light refreshments.

The next meeting will be held in two weeks at the home of Mrs. Frank Wilson.

A very interesting meeting of the Epworth League Bible Study class was held at the home of Miss Frances Frazee last night. The meeting concluded a series of eight lessons.

Continued on Page 7

SORE THROAT
or Tonsillitis—gargle with warm, salt water then apply—
VICK'S VAPORUB

Although the program given at the meeting of the Ladies Musicale yesterday was short, it was one of the most interesting which has been given for some time and the readings and vocal and instrumental selection, portraying the music of the Orient, were rendered in such a manner as to give the guests a fair knowledge of the weird music of the eastern lands.

The program was in charge of Mrs. D. D. VanOsdel and Mrs. Verl Rebout. Miss Lavinia Compton, a student member who appeared for the first time on the program, gave a clever little dialect reading and Miss Marian Kinsinger, another student member, played a violin solo. Other vocal numbers were given by Mrs. Norma Hogest and Mrs. Cliff Winship and piano numbers by Mrs. Edward Chambers, Miss Anna Poundstone and Mrs. Verl Rebout.

The program for Monday, March 11 promises to be one which will invite the interest of every member. "Music of France" will be the subject of the program which is being prepared by Mrs. Hugh Mauzy and Mrs. Will Amos.

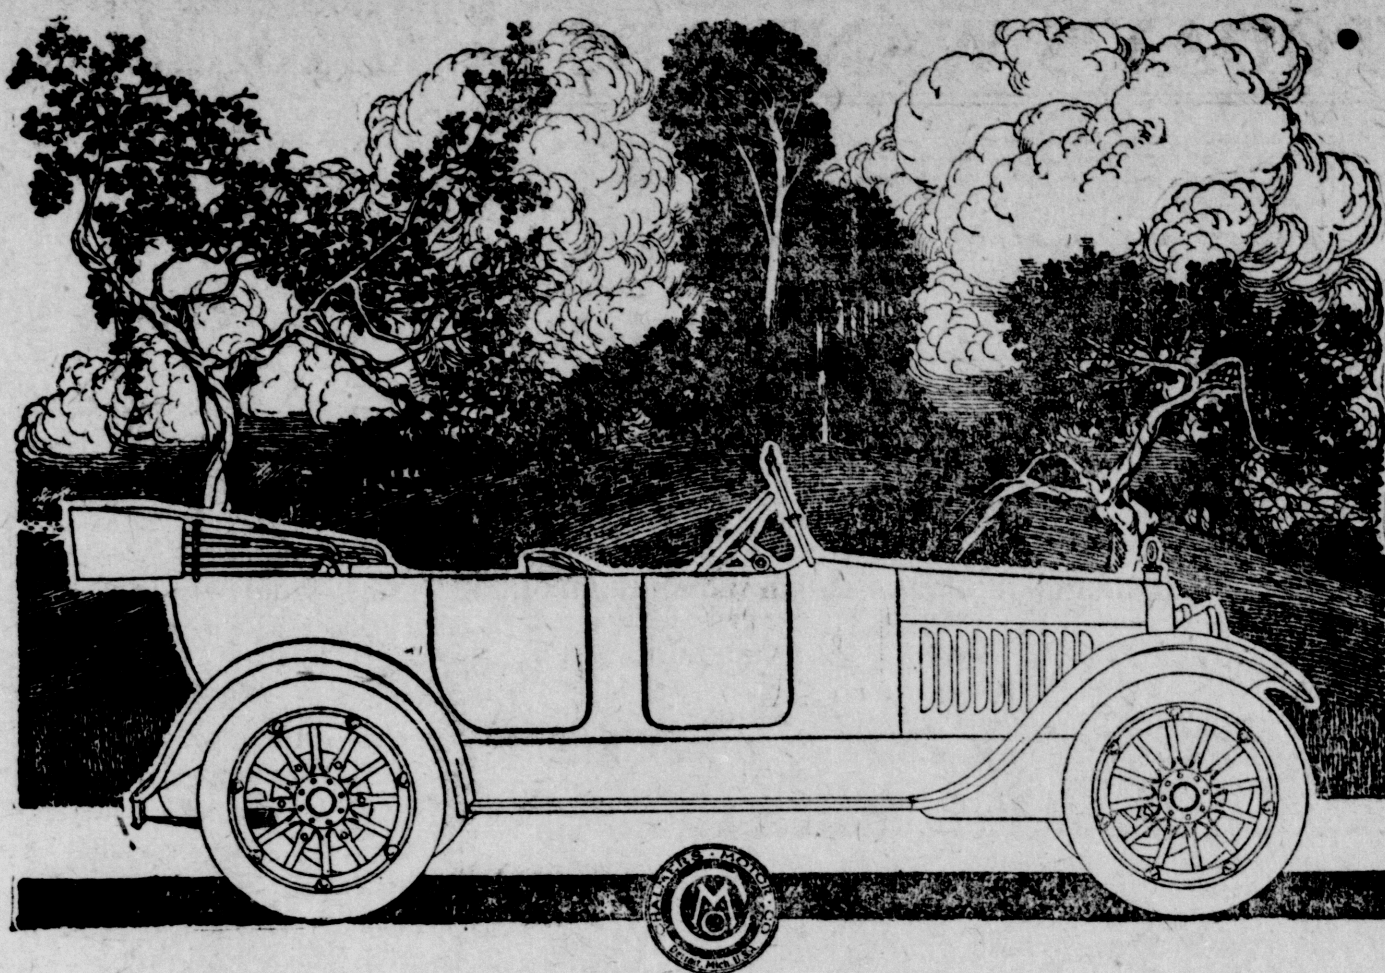

At the meeting of the Coterie club which will be held during the remainder of the club year, Red Cross sewing will be the feature of each

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender sensitive skins.

The E. W. Rose Co., Cleveland, O

THIS GREAT CHALMERS ENGINE TOLLS THE KNEEL OF "WINTER TROUBLES" IN MOTOR CAR POWER PLANTS

Have you observed how many new Chalmers there are in the streets these winter days?

This is because they are free of what the garages call winter troubles. Practically every one of these troubles in other cars begins with inability of the engine to start on a cold day.

These current Chalmers are winter equipped with a clever device known as a "hot spot" (which cracks up the raw gas into a most minute vapor; then warms it up) and a remarkable device known as a "ram's-horn" manifold (which hastens the gas on to quick explosion in the cylinders).

Little of the unburned gas comes out of the exhaust.

Very close to 100% power is shot to the rear wheels. And quick power, too; not the hesitating, lingering sputtering kind.

Hence not only quick starting but the attainment of high power in a jiffy. (And all on a grade of gas that is not what gas once was).

Advance Styles

Featuring Suits and Coats

Here Sound the New Notes

We are fortunate in receiving a splendid new line of Wooltex Coats and Suits and the choice of the New York market. They display the newest style features for 1918 in the most attractive forms.

The questions you have been asking about what is smart in collars, sleeves, belts and skirts; what color will be correct for Spring, are all answered in this authoritative display.

You can best judge of the style and quality of these advance models by paying a visit to our Coat and Suit Department, where our salespeople will be glad to assist you in trying on any of the garments.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Eliza A. Cartmell, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 20th day of March, 1918, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 25th day of February, 1918.

GEO. B. MOORE, JR.

Clerk Rush Circuit Court.

B. F. Miller, Attorney.

Feb 26-Mar 5-12-19

—Mrs. Ward Hackleman arrives tomorrow from Indianapolis for a visit of several days with Dr. and Mrs. F. G. Hackleman. Mr. Hackleman will spend the remainder of the week in St. Louis on business.

—Among the out-of-town relatives attending the funeral of Mrs. Hubert Spillman of New Salem Sunday afternoon, who have returned to their homes, were Mr. and Mrs. Harry Weazle, Mrs. Nick Licher, Peter and George Weazle of Champaign county, Ill., and Mrs. Tony Weazle of Madia, Ohio.

Additional Personals

—Mrs. Minnie Moore will entertain the members of the Juanita Club at her home in West Tenth street tomorrow afternoon.

Most Highly Recommended Kidney Preparation

Your Swamp-Root is a splendid seller with us and must give good satisfaction to its users or my customers would not buy it repeatedly. It is a very valuable medicine to sufferers of catarrh or inflammation of the bladder and in liver trouble and rheumatism it has been very beneficial. I take pleasure in recommending Swamp-Root because I feel that it possesses merit in the troubles for which it is intended.

Very truly yours,

J. J. BUNDY, Druggist,
Aug. 1, 1916. Thompsonville, Illinois.

Letter to
Dr. Kilmer & Co.
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Medium and large size bottles for sale at all drug stores.—(Adv.)

ADDITIONAL SOCIETY

In the near future, a Mission study class will be started under the auspices of the league. Miss Ella Macey has presented the interesting lessons at the Bible class.

The annual banquet of the Sons of the American Revolution given at the University Club in Indianapolis last evening was attended by 40 members of the society from over the state, among whom were Earl H. Payne of this city, state president of the organization, and Dr. F. G. Hackleman, president of the General Pleasant A. Hackleman chapter in this city. Earl H. Payne presided at the banquet and business meeting. Among the after dinner talkers were President General Elmer Wentworth, Mayor Charles W. Jewett and Mrs. Rainer representing the Daughters of the American Revolution.

—Mr. and Mrs. Lowell Vickery entertained at their home Sunday with a prettily appointed two course dinner party honoring Mr. and Mrs. Rex Wiley who were married recently. The other guests included Miss Doris Saxon, Miss Mary Hinchman and Howard Kell.

—Red Cross sewing and other war relief work was done at the all day meeting of the pitch-in club which was held yesterday with Mrs. Roy E. Harrold at her home in North Perkins street. A dozen guests were present and participated in the days work.

—The regular meeting of the Ladies Aid society of St. Mary's Catholic church will be held Thursday afternoon with Mrs. Robert Williamson at her home in West First street. The hostess will be assisted by Mrs. Anthony Schrichte.

—A good attendance is urged for the W. R. C. meeting to be held in the G. A. R. room at the court house tomorrow afternoon. A candidate will be taken into the society.

—An informal dance will be given by the Knights of Pythias at their hall on Thursday evening of this week. Sherman's orchestra will play for the affair.

—The regular meeting of the Psi Chi Xi sorority will be held this evening at the home of Miss Wanda Wyatt in North Main street.

—Mr. and Mrs. Ed Pitman will entertain the members of the Harmony Club at their home in North Jackson street this evening.

—The members of the Yomo club will be entertained Thursday by Mrs. Emmett Fogley at her home in East Ninth street.

—Mrs. Minnie Moore will entertain the members of the Juanita Club at her home in West Tenth street tomorrow afternoon.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin, Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them.

A treatment of lecithin and iron peptonate as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient.

And Bio-feren in its pellet form is easy and palatable to take—no liquid

iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-feren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Sentinel Remedies Co. Inc., Cincinnati, Ohio.

8 PAGES TODAY

TAYLOR'S ARREST
IS EXPECTED SOON

Reliably Reported to be in Connersville and Sheriff There is Looking For Him

GRAND JURY TO INVESTIGATE

Many Persons With "Eyewitness" Stories Will Have Opportunity to Tell Them

Chester Taylor, who is wanted here after the escape yesterday when he took Chief of Police Yakey's revolver and mace, was definitely located in Connersville today and his arrest this afternoon by Sheriff Hendrickson was confidently expected.

Reliable information was received here to the effect that he had been seen on the streets of Connersville and recognized by Sheriff Hendrickson, who found out that he was wanted in Rushville. Taylor was said to have been flashing a revolver on the streets of Connersville.

The great American public was still running true to form today in believing and circulating all sorts of rumors concerning the episode yesterday when Chief of Police Yakey attempted to arrest Taylor. The persistent stories that Taylor had knocked the police chief down were all traced down and in every instance were found to be groundless.

Mayor Irvin said that he was not asking Chief of Police Yakey to resign because no charges had been made against him and that no one had presented any evidence to show that Yakey had not conducted himself just as he had said he did. Many persons purporting to know told about friends who saw the whole thing but these "friends" all proved to be vague unrealities.

Persons who have been telling what they know and did not know about the affair will probably have an opportunity to repeat some of the "eyewitness" stories as it is reliably reported that the grand jury will take up an investigation of the case tomorrow. It is understood that Chief of Police Yakey, other members of the force and persons who were in Greely's pool room when the trouble started are summoned to testify.

One man reported to Mayor Irvin today that "many people saw Taylor knock Yakey down." Pressed for something more definite, this person said the clerk in Morris hardware store witnessed the alleged assault on the police chief. This was investigated. Clerks in Morris store said that they knew nothing about the thing until they saw the police chief and Taylor pass the store.

Clerks in there, however, did say that Taylor came to the store and tried to buy some cartridges yesterday during the noon hour. They said Taylor exhibited the police chief's gun and mace, but did not say anything about how he got them.

Chief of Police Yakey has no mark on his body to show that he had been struck by Taylor. Both the attending physician and friends who have called at his home testify to this. Chief of Police Yakey says that Chase Taylor, who had been arrested before the warrant was served on Chester, was the one who had always given him trouble and that he did not expect any difficulty in arresting Chester. He declared that he followed Chester after the man got his weapons with the hopes that some of the police would come to his aid. He said Taylor did not make any threats against him.

The funeral services of Alex Posey who died at his home in Chicago, Cal., on Saturday night, were conducted at the residence in California this afternoon at 2 o'clock, according to the message received here by his twin sister, Mrs. Albert Posey.

NO OFFERS ON BOND ISSUE

Will be Readvertised at Once by the County Auditor

There were no bids on the bond issue of \$38,000 advertised for sale by the county yesterday afternoon. The issue is for the purpose of building the John G. Beale road in Rushville township. The bonds will be readvertised for sale at once by the county auditor. County officials were fearful lest there be no offers because of the campaign which has and will be made to sell Liberty Loan bonds.

BOARD HOLDS FOUR
MEN FOR THE ARMY

Three Are Found Physically Fit Here and One Is Passed at Wichita Falls, Texas

WORD FROM SAM M'CULLOUGH

Four more men have been held for service by the Rush county army selection board, making an unofficial total of 187 who are ready to be inducted into the national army.

Will Carter of this city, William E. Newsum of Carthage and Roy Evans of Lewisville were passed as physically fit by Dr. W. S. Coleman, physician member of the local board. David A. Bromm, who was working on the New Salem elevator registration day and registered there, has been passed and held for service by the local board at Wichita Falls, Texas, according to a report received by the local board here. Frederick Smith, who registered here, has been found physically unfit by Dr. Coleman.

Sam McCullough, colored, who registered at Carthage and who has been placed in class one for failure written the board from Montgomery, Alabama, saying that he is ready to go to the army whenever called. The board was never able to locate him.

GRAND JURY STARTS
INVESTIGATION TODAY

Will Take up Inquiry of Cutting Fracas Sunday Night and Taylor Case Tomorrow

BIG CLAIMS ARE DISMISSED

The grand jury was in session again today, having adjourned last week after meeting to organize, until today. Several witnesses appeared before the investigating body this morning, but it is not known what alleged offenses were being considered.

Tomorrow the grand jury will investigate the cutting of John Moran by Will Carter, colored, and the affair of yesterday when Chester Taylor escaped from the chief of police it is reported.

Jury trials were set for hearing yesterday and today, but neither one of the cases could be tried. The two set down for yesterday were postponed, and the three claims against the estate of the late John Ivins set for hearing today have all been dismissed. The claim of Anna C. Harold for \$448.69 was dismissed some time ago and two other claims—that of Bert Ivins for \$587.50 and Dessie Ivins for \$500 were both dismissed by agreement yesterday and the costs assessed against the estate.

Mrs. Fletcher Ball of Metamora spent the day in this city.

Walter Duke transacted business in Indianapolis today.

John W. McMichael yesterday sold his farm of 1451 acres south of the city to John H. Wright for \$25,000. The farm was formerly owned by Frank Gapp.

RECENT FLOUR

ORDER MODIFIED

County Millers and Jobbers May Fill Wheat and Wheat Products Orders For Trade

REGARDLESS OF LOCATION

Sale of Flour by Retailers Is Still Restricted, However, as it Has Been in Past

Rush county millers and jobbers will be allowed to fill orders for wheat and wheat products provided the orders come from their regular trade. The order, which partially revokes that of February 19 was received today by County Food Administrator Lovett, and stated that shipments to regular trade could be made regardless of location.

The order received about a week ago practically tied the hands of every jobber and miller in the county. Because of the acute wheat situation the sale of flour was restricted and the local administrator received orders forbidding the shipments of wheat from the county.

The latest order does not deal with the sale of flour by retailers and with this fact in view the same orders will be enforced as have been during the past week. People residing in the city will not be allowed to purchase more than five pounds a week and those living in rural districts will still be limited to twelve, and one-half pounds.

Dr. Barnard's order as received by County Administrator Lovett follows:

The order under date of February 19 regarding the distribution of flour has been modified to allow mills and jobbers to ship to their regular trade, regardless of location.

MERCURY DROPS 37
DEGREES IN NIGHT

Weather Man's Prediction of Lower Temperature Materializes—"Fair and Warmer"

WIND CAUSES SOME DAMAGE

The weather man prediction of a 25 degree drop in temperature was verified last night when the mercury fell from 61 degrees above to 24 above in less than twelve hours time, a drop of 37 degrees. The drop came in on a strong wind that caused some damage in different parts of the county. Telephone lines were blown down, trees were blown over and other evidences of the gale were left. In some parts of the state, the wind grew to such proportions that it took on the form of a threatened tornado, similar to the one about a year ago.

Today's bright sun made the lower temperature more pleasant than yesterday's weather with no trace of the sun all day. By noon, the mercury had climbed to 35 degrees above zero. The last few nights have grown colder. The lowest mark last night was 24 degrees above; the lowest point on Sunday night was 31 above and on Saturday night was 39 above. Friday night, the mercury went as low as 23 above.

With the materialization of the weather man's prophecy today, tomorrow's prediction of "fair and warmer" may come true and bring back the warm days of several days ago which promised spring.

The Rebekahs will give a social on Thursday evening, February 28, in the Odd Fellows hall. All Rebekahs and their families are invited to attend. Members of the Rebekahs are asked to bring a few apples.

Miss Theresa Sweetman spent the day in Indianapolis.

IS WOUNDED BY A
CRAZED OPERATOR

Archie Hobbs of Birmingham, Ala., Formerly of Glenwood, Seriously Injured

HE IS ONE OF FOUR VICTIMS

Going to Aid of Man he Thought Injured by His Engine, He is Shot in Leg

Archie Hobbs, of Birmingham, Ala., a son of Mr. and Mrs. A. J. Hobbs of Glenwood, and a former resident of that place, was shot and seriously wounded a few days ago by a crazed telegraph operator at a small station just outside of Birmingham.

Mr. Hobbs is an engineer on a railroad running out of Birmingham and as he was backing his engine onto a siding to take on water he spied the body of a lifeless man lying beside the track. Thinking that his engine had struck the man he hastened to his assistance but upon reaching the side of the dead man, received a shot in his leg from an occupant of the watchman's tower.

Hobbs returned to his cabin and the crazed man, descending from the tower, attempted to board the train but was kept from doing so by the turning on the steam which apparently frightened him. Hobbs was taken to his home and has now fully recovered from the effects of the wound.

It later developed that the man who had attempted to take the life of Hobbs was a telegraph operator at one of the small sub stations near Birmingham, and that before trying to kill the engineer had already taken the lives of three persons. Hobbs is 48 years of age.

EXPERIMENT MAKES
THE SHORTAGE WORSE

Declares Senator Reed Concerning Management of the Coal Situation

SUGGEST NAMING PRICES

(By United Press.) Washington, Feb. 26.—Predicting a coal shortage of a disastrous character in the near future unless the fuel administration stops experimenting, Senator Reed today reported to the investigation committee.

"Amidst the chaos now existing in the coal business, one fact appears, namely, that uncertainty must give way to stability or we will be confronted by a coal shortage of the most disastrous character," he declared. Reed submitted the following recommendation to avert the situation:

1. Ending of government interference with the coal business.
2. Immediate announcement of prices which will prevail after April 1 so that dealers may make contracts.
3. Giving of information to consumers so they will know what coal will be available and at what prices.

Reed sharply criticized the handling of the situation by the fuel administration.

Mrs. Guy Abercrombie will entertain the members of the Pirate Bridge club at her home in North Perkins street on Thursday afternoon.

Mr. and Mrs. Will M. Frazee and son William, leave Saturday for Globe, Ariz., where Mr. Frazee will accept a position as manager of a summer home. He has been granted a leave of absence from the U. S. C. traction company for which he has been claim agent during the winter.

RUSH COUNTY FORTUNATE

To Have Tax Inspector's Services For Four Weeks

Rush county is one of the very few, if not the only county in the state, having the services of an income tax inspector for four weeks time. Dan Strickland, at the local office now, will leave the latter part of the week and complete four weeks time that government men have served local taxpayers. The great accommodation on the part of the government was largely because of the efforts of Postmaster Hunt to procure the extended time.

BRITISH AND U. S.
EMBASSIES LEAVING

Despite German Imposed Peace, Russian Mobilization For Petrograd Defense Goes On

WORKMEN READY TO FIGHT

(By United Press.) London, Feb. 26.—The American and British embassies are departing from Petrograd, leaving a few in charge, according to dispatches from the Russian capital.

Petrograd, Feb. 26.—Despite acceptance of the German imposed peace, mobilization for the defense of Petrograd continues.

Small German detachments are reported moving toward Petrograd. Workmen's battalions are quickly organized and several are moving. The Russian workmen are continuously leaving for the front. The garrison soldiers refuse to fight.

As the news of the German advances are received the factory whistles call the workmen to arms. Their spirit is warlike and they will die for the revolution. The committee today issued a proclamation declaring their revolutionary capital is in danger and urged every one to die for the revolution.

TWO BOYS VICTIMS
FACTORY ACCIDENTS

Roy Richardson Cuts Three Tendons in Hand and Jasper Peak Breaks Arm

BOTH WORKED IN SAME ROOM

Two sixteen-year-old boys were the victims of accidents at the Innis-Pearce factory this morning. Roy Richardson cutting three tendons in his left hand, and Jasper Peak breaking both bones in the right arm directly above the wrist. Shortly before nine o'clock, the Richardson boy caught his hand in the sanding belt which is used to sand boards. The hand was badly cut and the tendons leading to the fingers torn.

The accident happened to the Peak boy when his arm was caught between the belt and the fly wheel and the bones were broken. The boys were rushed to the doctor. Peak arriving before Richardson had had the tendons sewed in his hand. The bones in the broken arm were set. They worked in the same room at the factory.

ENEMY FRONT IS
SHELLED BY YANKEES

(By United Press.) American Army in France, Feb. 26.—A German workmen's party and enemy front lines were successfully shelled by the American artillery today. Cannonading continued all day. A day of sleep and rain interrupted the shelling and the men deep

NEW PEACE DRIVE
BY GERMANY SEEN

Interpretation Placed on Count Von Hertling's More Conciliatory Reply to Wilson

AN EFFORT TO SPLIT ALLIES

German Chancellor Accepts Four Main Principles Outlined by The President

Germany Announces 3 Principal War Aims

(By United Press.)

Amsterdam, Feb. 26.—"Regarding recent Swiss intrigue I declare we never had thought of assailing Swiss neutrality," chancellor Hertling said yesterday, according to dispatches received today.

"We hold the greatest gratitude toward Switzerland also, Holland, Scandinavia, Spain and other neutrals who have preserved their neutrality despite temptations.

"Our war aims have been—

"Defense of the Fatherland.

"Maintenance of territorial integrity.

"Freedom of economic developments."

(By United Press.)

Washington, Feb. 26.—Germany is making a new peace drive now that she has bagged a goodly section of Russia.

That was the meaning, experts played today on the more conciliatory tone adopted by Count Von Hertling in his reply to Wilson's peace terms.

Some see an effort by Hertling to split the allies, relying upon them to have views differing with those of Wilson in his four main basis for peace.

The chancellor's acceptance of the four principals was regarded as indicating belief that a peaceable discussion would not haggle over Russia long, if the French, Belgian, Italian and Balkan questions could be adjusted.

A court of arbitration is lacking, the chancellor said, adding that the tribunal of the world is prejudiced against Germany, which declined to be judged by it. He insisted that the entente war aims were still imperialistic, although admitting that the President's message is a "small step" toward peace.

Chancellor von Hertling voiced no great change in Germany's attitude toward the questions which entente statesmen have declared to be fundamental. He did not go into great detail concerning Germany's conduct toward President Wilson's proposals. The abject surrender of Russia was gloried in as leading to peace on the eastern front and a hint was thrown out to the Belgian government to enter into separate negotiations with Germany. The problem of Alsace-Lorraine he continued to treat as having no international aspect.

As reported by way of Amsterdam, the chancellor spoke as follows: "I can fundamentally agree with the four principles which in President Wilson's view must be applied in a mutual exchange of views, and thus declare with President Wilson that a general peace can be discussed on such a basis."

"Only one reserve need be made in this connection. These principles must not only be proposed by the President of the United States, but must also actually be recognized by all states and peoples."

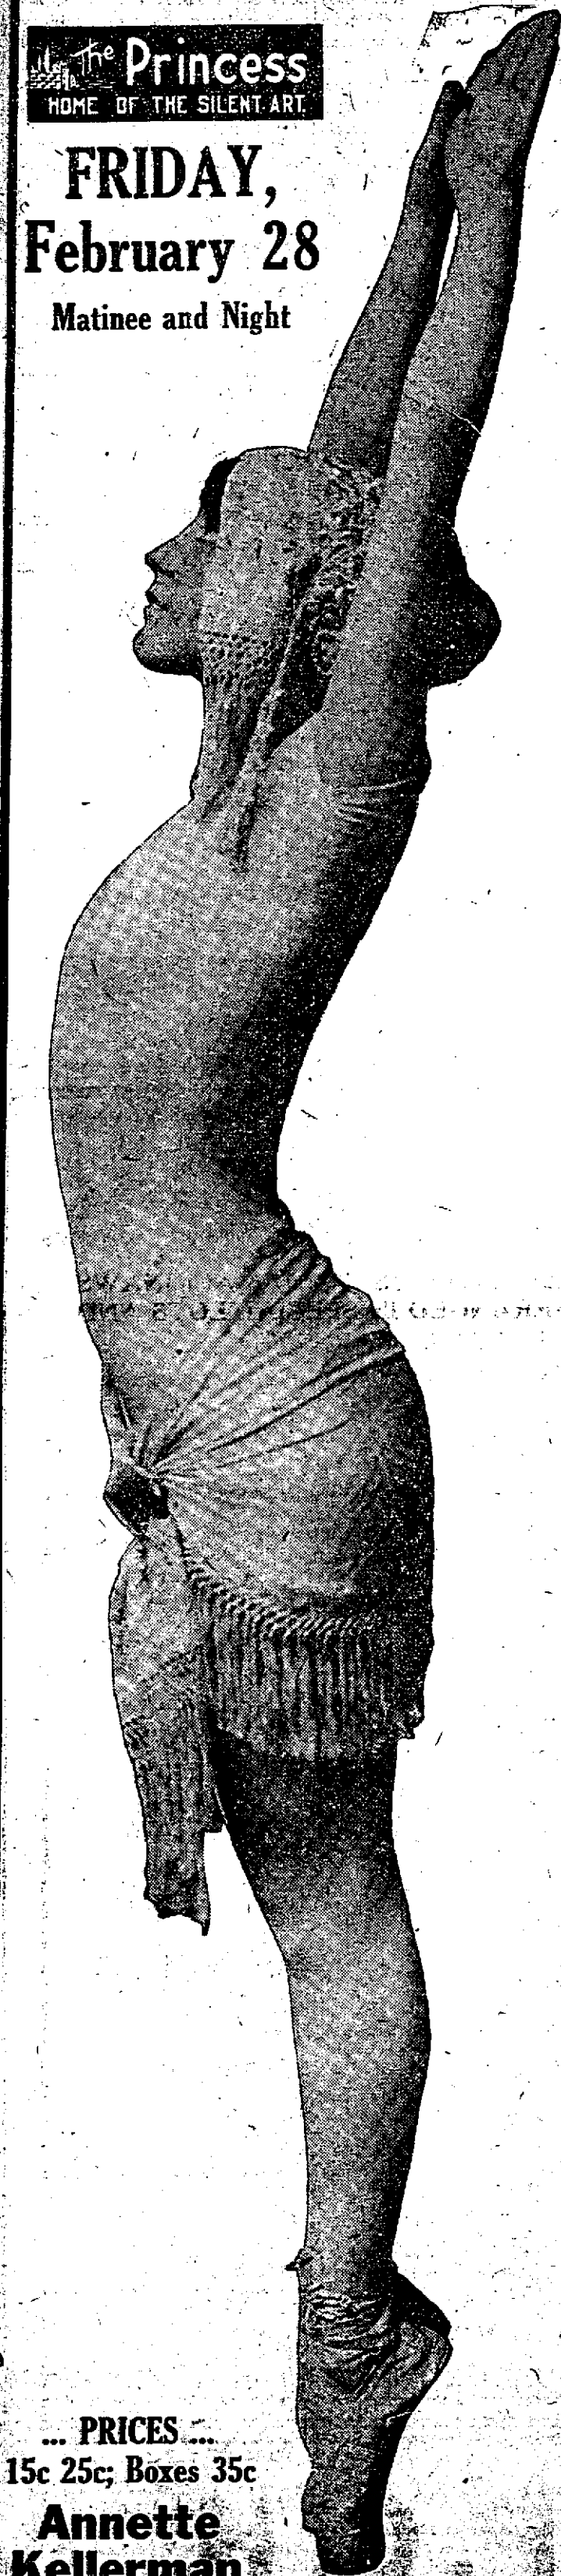

But this goal has not yet been reached. There is still no court of arbitration established by all the nations for the great nations of the world. The peace of the world is not yet secured. The German chancellor speaking by the tribune of the Reichstag today said that the peace of the world is not yet secured. The German chancellor speaking by the tribune of the Reichstag today said that the peace of the world is not yet secured. The German chancellor speaking by the tribune of the Reichstag today said that the peace of the world is not yet secured.

State Representative

We are authorized to announce the name of William R. Jinnett for Representative of Rush County in the State legislature, subject to the decision of the primary election to be held May 7th, 1918.

A prominent Southern jurist, in addressing a class of young men in a prep school, outlining the reasons for America being at war with the central powers, among other things says: "We freed Cuba and the Philippine Islands from the tyranny of Spain, and they now rejoice in this freedom. Aye come now to the support of France, a former noble ally in our own struggle for freedom that her people may remain free and not be crushed to earth by a barbaric foe, scientifically skilled to be cruel."

Just such erroneous statements as the above are responsible for much of the dissension and disaffection in the country. Ignoring and mistaking people rather than such utterances that this country is winning the battle of France. Nothing could be further from the truth.

D.D.D.
The Liquid Wash
Pittman & Wilson, Druggists

counter to every interest of the American people, had not that country leveled an offensive directly at us, we would still be found adhering to the policy to which we desperately tried to cling even in the face of repeated insults and aggressions.

Had Germany in the spring of 1917 in good faith carried out her promises in regard to submarine warfare, President Wilson would not have severed relations with her. Other causes might, and probably would have worked a rupture; but the direct cause of our entering the fight was Germany's failure to keep her pledged word in a matter that meant almost the life or death of this country.

The United States has no quarrel with Germany on France's account. The wrongs of that country may, and no doubt will, add to the zeal with which our people will prosecute the war, but they were no part of the causes that led to our taking action. We are today as loyal to the Monroe Doctrine as at any time in our history. The national affairs of the Old World countries are no concerns of ours, and never should be. We are glad that since we are in the struggle on the entente side, we can in some measure repay the debt we owe to that plucky republic; but without grievances of our own, we could not in honor have entered the conflict.

There is no necessity of our inventing reasons for our action. The causes were plain and could not be mistaken. The American people were expected to bow to the arrogant demands of Prussia and her war lord, and surrender rights guaranteed to us by the laws of all nations—even those of the arrogant teuton empire. To have yielded would have been to forfeit our self-respect and the respect of the nations of the earth.

Let us be honest with our people. We are in the war because we had cause to enter—just cause—causes piled mountain high. We are fighting our own battles. We shall, however, fight side by side with the entente armies in all good fellowship; glad that we are fighting in the same noble cause—the preservation of freedom in the earth.

Nowadays when you see a fellow coming to town with a basket of eggs you wonder if he is preparing to lift the mortgage on the old home.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused, largely by the widespread use of Phosphated Iron, the new tonic and nerve-bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves, we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down. You can feel a tingling hold on your system. To insure physical and mental patients receiving the genuine Phosphated Iron, we have placed our name on the bottle and our seal on the wrapper. We are not interested in your money, we are interested in your health.

G. B. CARR, Manager.

C. G. Carr and Wilbur Howard, Auctioneers. T. G. Richardson, Treas. W. R. Martin and Leslie Minchman, Clerks. Lunch served by Christian Missionary Society. Sale Held Under Tent.

REV. L. E. BROWN WILL START NEXT SUNDAY

Former Minister of Connorsville Church Begins Pastorate in This City

IS A POWERFUL PREACHER

The Rev. L. E. Brown, formerly of the Central Avenue Christian church of Connorsville, will begin his pastorate of the Main Street Christian church of this city on next Sunday. The Rev. and Mrs. Brown and their daughter will move to this city this week and live in the Christian church parsonage in North Main street. He received the call from the local church some time ago but asked for the time until March first to give his congregation notice of his leaving.

The Rev. Mr. Brown is a powerful preacher and has made a mark by his accomplishments in church work. He succeeds the Rev. C. M. Yocum, field secretary of the home missionary societies of the church.

The Rev. Mr. Brown preached a farewell sermon at Connorsville Sunday morning and in the evening a farewell union service was held for him at the Christian church. At the close of the morning service he was presented with a beautiful leather traveling case, mounted in gold, as a gift from the church.

Mrs. Louis Hiner is ill at her home in North Willow street with tonsillitis.

Rheumatics Are Satisfied

Satisfied That "Neutrone Prescription 99" Does All That is Claimed For It

They have used "Neutrone Prescription 99" for all forms of Rheumatism and Neuralgia, they frankly tell how it has proven its quick and lasting benefit.

The words of praise from Newburgh's relieved Rheumatic sufferers will prove to many a crippled sufferer a welcome message pointing the way to quick and permanent relief.

What is more convincing than home testimony?

"Neutrone Prescription 99" from its remarkable success has sprung into almost instant popularity; "it produces results."

Get a 50c or \$1 bottle today, you will be surprised at the improvement even in a short time. Mail orders filled on \$1 size.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50.

TO PRESENT SERVICE FLAG

United Presbyterian Church to be Sixth to Honor Soldiers

A service flag bearing 10 stars will be presented to the United Presbyterian church at some evening service of the church in the near future. The date has not been definitely set, but it will probably be on the evening of March 10. To complete plans for the meeting, the program committee will meet tomorrow evening at the home of B. L. Trabue. An Honor Roll on which the names of the ten boys are written has already been presented to the church. The United Presbyterian church will be the sixth thus to honor their soldiers flags having been hung at the First Presbyterian, Catholic, Methodist, Christian and First Baptist churches.

Amusements

"The Thirteenth Chair" Bayard Veller's melodrama of mystery, returns to the Marat for a half week's engagement Thursday night. The play was seen first this season in the same playhouse New Year's week. It will be readily recalled that it has to do with a murder which occurs in the drawing room of a fashionable society home during the progress of a spiritualistic seance. The lights are completely out and the murderer seizes the opportunity to commit the crime, dispose of his weapon and prevent his identity from being revealed. It is a thrilling moment and is succeeded by a number of other thrilling moments, all hinging on the discovery of the murderer. Suspicion rests first upon one member of the circle and then upon another, until all doubts are finally laid to rest when confession from the guilty person puts an end to further speculation.

The players to be seen in the various roles are those who presented the play during its previous engagement. Among them are Blanche Hall, Marie Goff, Sidney Blackner, Madge Corcoran, Herbert Fortner, Perry Hopper, Jane Gilroy, Elaine Anderson, Joseph Barry and others. The engagement includes the usual Saturday matinee.

"The Hostage" is the feature at the Princess theatre this evening with Wallace Reed taking the leading role. The picture is said to be a thrill from start to finish. Fannie Ward takes the leading role in "On the Level," an extraordinary drama of human interest, which will be presented on Wednesday afternoon and evening. Rushville theatre goers will be fortunate on Thursday in having the opportunity to see Annette Kellerman in "The Daughter of the Gods," a million dollar production.

Ann Murdock will appear in "The Outcast" at the Gem theatre tonight and tomorrow another chapter in the great mystery serial, "The Hidden Hand," in which Doris Kenyon is starred, will be the attraction, along with a Lonesome Luke comedy and Pathe News. Thursday Valetta Saratt will appear in "A Rich Man's Paything."

Mrs. W. T. Jackson is slightly ill at her home in this city.

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any manure spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

SOCIETY

Although the program given at the meeting of the Ladies Musicales yesterday was short, it was one of the most interesting which has been given for some time, and the readings and vocal and instrumental selection, portraying the music of the Orient, were rendered in such a manner as to give the guests a fair knowledge of the weird music of the eastern lands.

The program was in charge of Mrs. D. D. VanOsdel and Mrs. Veri Bebout. Miss Lavieuna Compton, a student member who appeared for the first time on the program, gave a clever little dialect reading and Miss Marian Kinsinger, another student member, played a violin solo. Other vocal numbers were given by Mrs. Norma Hogest and Mrs. Cliff Winship and piano numbers by Mrs. Edward Chambers, Miss Anna Poundstone and Mrs. Veri Bebout.

The program for Monday, March 11 promises to be one which will invite the interest of every member. "Music of France" will be the subject of the program which is being prepared by Mrs. Hugh Mauzy and Mrs. Will Amos.

At the meeting of the Coterie club which will be held during the remainder of the club year, Red Cross sewing will be the feature of each

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

Social Calendar

Wednesday

Juanita Club, with Mrs. Minnie Moore in West Tenth street in the afternoon.

Thursday Afternoon Bridge Club, with Mrs. Wilbur Stiers at 732 North Perkins street in the afternoon.

club gathering, according to plans which were made at yesterday's meeting which was held at the home of Mrs. C. M. George in North Main street.

Towels were hemmed at the latest meeting and the plan of holding every other meeting at the Red Cross headquarters was abandoned. All of the meetings in the future will be held at the homes of the members but instead of doing Red Cross sewing at only one meeting in each month, the entire time of the club will be given up to this war relief work in the future. At the close of the meeting yesterday, the hostess, who was assisted by Mrs. Raymond Hargrove, served a dainty luncheon.

The next meeting which will be held in two weeks will be at the home of Mrs. J. T. Paxton 333 West Seventh street, assisted by Mrs. John T. Askin.

The home of Miss Helen Thomas in North Perkins street was the scene of a pretty dinner party Saturday evening when she entertained several young folks who were attending the tournament. The dining room was decorated attractively in the high school colors, red and black. The guests included Misses Reba Beale, Elizabeth Pierson, Leatha Higgins, Mary Louise Wyatt, Josephine Scholl, Jean Sparks, Phyllis Casady, Marguerite Kelly, Janet

Dean and Marjorie Clark; Frank Maure, Lowell Innis, of Milroy, Ivan Alexander, John Tompkins, Lotus Gastin, Harold Miller, Earl Martin of Milroy, Franklin Norris, Havens Frazee and James Caldwell.

Plans for raising money for the Tri Kappa ambulance, were discussed at the meeting of the sorority which was held last night at the home of Miss Marjorie Smith in West Third street. The exact allotment for the local chapter has not been decided on however, because the committee in charge of making the purchase, has not definitely decided on the kind of an ambulance they wish to buy. Blocks for the second quilt to be made for the Red Cross were cut. The girls have been especially successful in selling the blocks in which the names are to be outlined and have already taken order for the sale of numerous blocks in the second quilt.

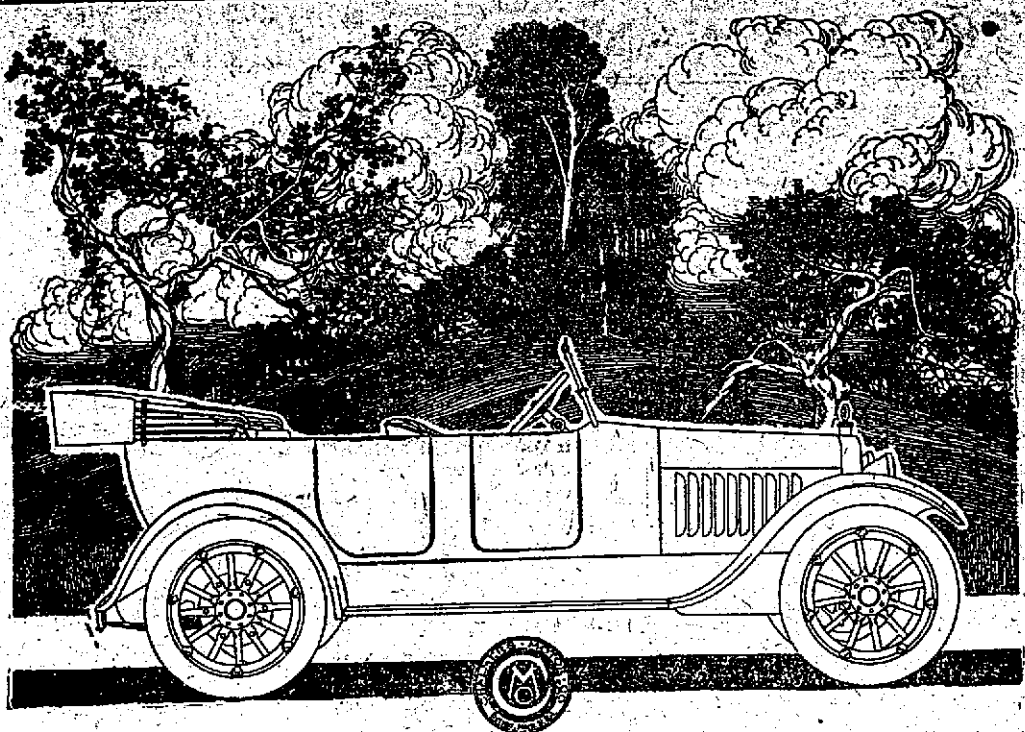

The members of the Monday afternoon Five Hundred club were pleasantly entertained yesterday afternoon by Mrs. J. C. Sexton at her home in North Main street. Only the club members were the guests and at the close of the afternoon's entertainment, the hostess served light refreshments.

The next meeting will be held in two weeks at the home of Mrs. Frank Wilson.

A very interesting meeting of the Dpworth League Bible Study class was held at the home of Miss Frances Frazee last night. The meeting concluded a series of eight lessons.

SORE THROAT
or Tonsillitis—gargle with warm, salt water then apply—
VICK'S VAPORUB

THIS GREAT CHALMERS ENGINE TOLLS THE KNEEL OF "WINTER TROUBLES" IN MOTOR CAR POWER PLANTS

Have you observed how many new Chalmers there are in the streets these winter days?

This is because they are free of what the garages call winter troubles. Practically every one of these troubles in other cars begins with inability of the engine to start on a cold day.

These current Chalmers are winter equipped with a clever device known as a "hot spot" (which cracks up the raw gas into a most minute vapor; then warms it up) and a remarkable device known as a "ram's-horn" manifold (which hastens the gas on to quick explosion in the cylinders).

Little of the unburned gas comes out of the exhaust.

Very close to 100% power is shot to the rear wheels. And quick power, too; not the hesitating, lingering sputtering kind.

Hence not only quick starting but the attainment of high power in a jiffy. (And all on a grade of gas that is not what gas once was).

Most Highly Recommended Kidney Preparation

Your Swamp-Root is a splendid seller with us and must give good satisfaction to its users or my customers would not buy it repeatedly. It is a very valuable medicine to sufferers of catarrh or inflammation of the bladder and in liver trouble and rheumatism it has been very beneficial. I take pleasure in recommending Swamp-Root because I feel that it possesses merit in the troubles for which it is intended.

Very truly yours,
J. J. BUNDY, Druggist,
Aug. 1, 1916. Thompsonville, Illinois.

Letter to
Dr. Kilmer & Co.
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Medium and large size bottles for sale at all drug stores.—(Adv.)

ADDITIONAL SOCIETY

In the near future, a Mission study class will be started under the auspices of the league. Miss Ella Macey has presented the interesting lessons at the Bible class.

The annual banquet of the Sons of the American Revolution given at the University Club in Indianapolis last evening was attended by 40 members of the society from over the state, among whom were Earl H. Payne of this city, state president of the organization, and Dr. F. G. Hackleman, president of the General Pleasant A. Hackleman chapter in this city. Earl H. Payne presided at the banquet and business meeting.

Among the after dinner talks were President General Elmer Wentworth, Mayor Charles W. Jewett and Mrs. Rainger representing the Daughters of the American Revolution.

Mr. and Mrs. Lowell Vickery entertained at their home Sunday with a prettily appointed two course dinner party honoring Mr. and Mrs. Rex Wiley who were married recently.

The other guests included Miss Doris Saxon, Miss Mary Hinckman and Howard Kell.

Red Cross sewing and other war relief work was done at the all day meeting of the pitch-in club which was held yesterday with Mrs. Roy E. Harrold at her home in North Perkins street. A dozen guests were present and participated in the days work.

The regular meeting of the Ladies Aid society of St. Mary's Catholic church will be held Thursday afternoon with Mrs. Robert Williamson at her home in West First street. The hostess will be assisted by Mrs. Anthony Schriebe.

The members of the Thursday Afternoon Bridge club will be entertained tomorrow afternoon by Mrs. William Stiers at her home in North Perkins street, instead of the regular meeting day.

A good attendance is urged for the W. R. C. meeting to be held in the G. A. R. room at the court house tomorrow afternoon. A candidate will be taken into the society.

An informal dance will be given by the Knights of Pythias at their hall on Thursday evening of this week. Sherman's orchestra will play for the affair.

The regular meeting of the Pythia Xi Society will be held this evening at the home of Miss Wanda Wray in North Main street.

Mr. and Mrs. Ed Piman will entertain the members of the Harmony Club at their home in North Jackson street this evening.

The members of the Yonto club will be entertained Thursday by Mrs. Robert Wiley at her home in North Main street.

Mrs. Alice Moore will entertain the members of the Harmonia Club on Thursday evening at her home in North Main street.

Mr. and Mrs. W. H. Telford will entertain the members of the Harmonia Club on Thursday evening at their home in North Main street.

Mr. and Mrs. W. H. Telford will entertain the members of the Harmonia Club on Thursday evening at their home in North Main street.

Mr. and Mrs. W. H. Telford will entertain the members of the Harmonia Club on Thursday evening at their home in North Main street.

Substitute Foods

Don't let the wheatless, meatless or sweetless days worry you in the least. We have prepared a line of substitutes that will make you forget the "less" days.

It will benefit you to get away from the old staples occasionally and go on a diet of fruits, vegetables, etc.

You will find here almost any fruit or vegetable you can call for and all of the highest quality.

Come and let us help you to conserve wheat and meat, and while doing so, really benefit your health.

Note the following articles and prices from our dried fruit department. Dried fruits are cheap, nourishing, and require very little sugar in cooking.

Fancy Dried Apricots per pound	30c and 25c
Fancy Dried Peaches per pound	18c and 15c
Fancy Peeled Peaches per pound	20c; 10 lb. box, \$1.85
Fancy Stewing Figs per pound	15c
Fancy Bleached Seedless Raisins per pound	15c
Fancy Bulk Seedless Raisins per pound	15c
Fancy Muscatel Raisins per pound	15c
Fancy Seeded Raisins per package	10c
Fancy Evaporated Apples per pound	23c
Fancy Santa Clara Prunes per pound	10c, 12c, 15c and 18c

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions, to restore weakened vitality but in such form as the system can best assimilate them.

A treatment of lecithin and iron peptate as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient.

And Bio-feren in its pellet form is easy and palatable to take—no liquid iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better rebuilding tonic.

The action of Bio-feren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for asking.
